

WHAT IS THE WORLD'S SCORE?

In the Garden of Eden Man wanted to be like God, now he is all mixed up with his internet, cell phone and IPOD.

You see he left the garden and he is still bored.

Now what is the World's Score?

What do you adore?

Everyone wants more and more.

We have turned the planet into one big store.

Now there is oil and garbage on almost every shore.

The world's fiat money economy will hit the ground floor.

More and more people will become poor.

Tune in the TV and you will find sex, drugs, violence and gore.

Turn on the news and you will see World War III and Armageddon are closer than before.

We have almost wiped out the planets garden but never The Creator.

At least half the world's population will die of AIDS, starvation and more.

Seismologists say Earthquakes will rock our big cities more and more.

Climatologists predict the planet's climate will change for the worse even more.

How can anyone sleep peacefully and snore.

Doctors prescribe antidepressants and sleep aids galore.

For those that don't have health insurance you might find pot in the pantry and beer on the refrigerator door.

Who can push the planet's garden button back to restore?

Mans morals it seems, have declined more and more.

You see man needs a soul doctor.

His name is Jesus Christ, who is The Alpha, The Omega, The Son of Man, The Son of God, Great Physician, King of Kings, Counselor, Savior, and Lord of Lords.

He died on the Cross to forgive us all our bad marks and scores.

He went to hell and back for us, the earth shook and the temple curtains tore.

His love is sufficient and requires no labor or chores.

His love is unconditional like a yellow Labrador.

He is full of grace and mercy right down to his core.

His love is beyond man's comprehension and goes on forevermore.

He can heal your heart, mind, body and soul's open wounds and sores.

He understands all the world's languages and does not need a translator.

He stands and waits eagerly at every man's temple door.

But man still hates him, why, and what for?

He is also all powerful, omnipresent, sovereign and righteous and will come back to settle the final score.

Man's time is running out so what are you waiting for?

Simply accept him in your heart and call on him to be your Savior and Lord.

Please read Genesis 3, Psalm 104, Psalm 51, Psalm 103, John 3:16, Acts 2:21, Ephesians 2:8-9, John 10:10-11, Romans 10:17, and Luke 21 for an eye opener.
